

Did you know? At TBS we source a wide range of PVC Windows & Door Systems

Enhance your home with the most technically advanced PVC Window & Door Systems in the UK, all exclusively to order within a one week lead time.

Why Buy From tbs?

Energy Efficiency

Linlar revolutionary multi-chambered profile technology is far more thermally effective than previous generation uPVC, window systems. Our windows and doors are capable of achieving the very highest standards in energy efficiency.

British Engineering

Linlar design and manufacture all their products from a corporate headquarters located in Denby, Derbyshire. This advanced, purpose-built facility houses the largest uPVC extrusion mixing plant in all of Europe.

Guarantee

Linlar profiles come with a 10 year manufacturer's guarantee against cracking, warping or discolouration from the date of installation. You can rest assured that Linlar products are fully covered and built to last.

Casement Windows

1 Durable Hardware

Stainless steel friction stays provide enhanced security and have been tested to 20,000 cycles.

2 Chamfered Rebate

You can choose a chamfered rebate detail for a simpler, defined and more contemporary look.

3 Secured By Yale

Yale high security shootbolt locking system carries Yale's full 10 year insurance backed guarantee.

4 Hygiene Protection

Stay Guard Elite device withstands twice the force required by Secured By Design testing.

5 Slim Sightlines

Ultra slim sightlines allow for a larger area of visible glass, providing more light and enhanced views.

6 A+ Energy Rated

Linair's state of the art window system is engineered to be capable of achieving WERof A+12.

Colour Options Available:

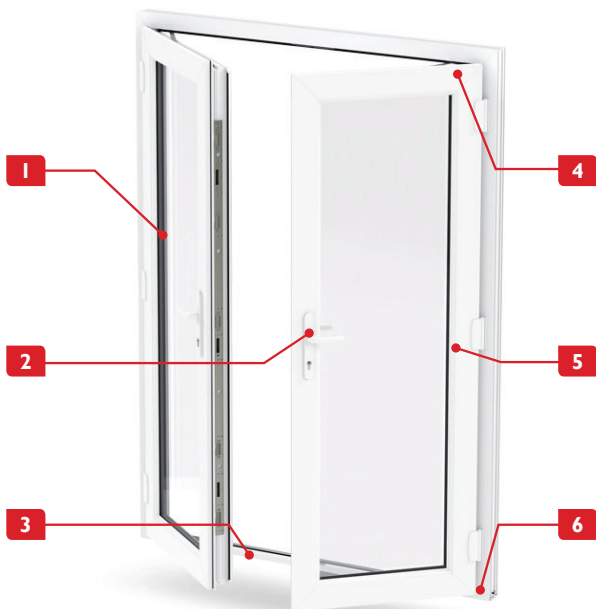

At TBS all the above colours are available to order. To speak with a experienced advisor on the best colour finish for, call the sales team today...

Bi Fold Doors

1 Flexible Configuration

With styles from 2-7 panes and various fold configurations tailor your doors to suit your needs perfectly.

4 Open Up Your Space

Slim outer frame ensures that up to 90% of the aperture remains unobstructed when fully open.

2 Unified Components

Patented linier hardware works harmoniously with the range of Linier energy efficient profiles.

5 Aluminium Alternative

Our uPVC bi-fold doors are robust enough to compete with more expensive aluminium products.

3 Concealed Hardware

In-board mounted stainless steel track conceals hardware for a clean and attractive finish.

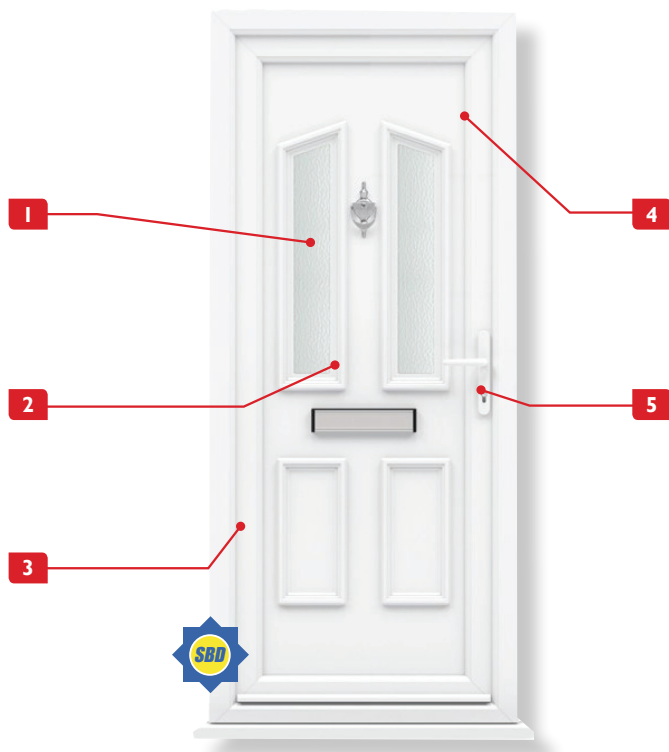

6 Ultra-Low Threshold

Available with an aluminium 24mm low threshold and optional wheelchair access ramp.

Composite & Panel Residential Doors

1 Unbeatable Choice

Style your door to your own personal taste with our wide range of panel designs and glazing options.

2 Secured by Design

The optional 'SBD Accredited' pack for the ultimate in door security is available on all our doors.

3 Double Rebated

Outer frame profiles feature a double rebated design for extra defence against Mother Nature.

4 Britain's Favourite Lock

Yale Lockmaster multipoint locks, the UK's top selling door lock, are fitted into every single door we make.

5 Threshold Options

Choose from standard or low uPVC threshold, or a standard or Part M* compliant aluminium threshold.
